Percent of Posts With Each Word in Toxic Class

ROC Curve Scored at 87%

Posts that had Predictive Probabilities of 45% - 55%

- If you have a cracked windshield call a hauling/disposal service and claim something fell off their truck. Some companies use gps tracking so try to find one on the freeway to make your story more credible before calling.
- Don't take criticism from anyone you wouldn't take advice from.

Posts that had Predictive Probabilities of 45% - 55%

- If you procrastinate studying for finals, use your apple watch.
- If someone tells you to do something at work that you don't think you should do, rather than argue about it, just say you did it.
